

K. OF C. INSTITUTION

OPEN AIR SERVICES ON HIGH SCHOOL CAMPUS AND BANQUET SUNDAY EVENING

Sunday will be one of the milestone days in the history of the Knights of Columbus in Los Angeles county, for it will witness the institution of Council No. 1920 in Glendale.

Open-air military services will be held on the campus of Union High School at 10:30 in the morning. Charter members will form in marching order at the Elks' Club House at 10 a. m. and make a brief tour of Glendale streets, bringing up at the campus for the opening of the service. Leading the parade will be a detachment of soldiers and sailors, and the Submarine Base Band of San Pedro will provide the music. Father O'Neill will direct the services, and the sermon will be preached by Rev. Charles Raley of the San Pedro Submarine Base. Nearly a thousand visitors are expected. Knights from Santa Barbara, Oxnard, Long Beach, Pomona, Whittier and other cities having accepted the invitation to be present.

Following the services, a luncheon will be served to visiting Knights at the Elks' Club House by a committee of ladies, of which Mrs. Charles B. Wiemers of Casa Verdugo is chairman.

At 7:30 p. m. a banquet will be served in the banquet hall of the Elks' Club House to all Knights of Columbus in attendance on the services. This will be in charge of a competent committee of ladies headed by Mrs. Peter Ferry, and will be quite an elaborate affair, for which the following menu has been arranged, to be followed by after-dinner speeches by orators, both local and imported, but all eloquent men as will be seen by the program.

THE BOWLING CHAMPIONSHIP

The contest between the bowling teams of the Glendale and the Los Angeles Elks' Clubs at Majestic Alleys, Los Angeles, Friday night, proved a very exciting affair. Los Angeles players won first place, Glendale second, and Pasadena third. Ties of course puts the local team out of the race for the State Championship, but it will go to San Diego just the same and compete in two-men and five-men and single contests which will be put on during the convention in that city, October 18th and 19th.

The score for the Thursday night contest in Los Angeles was as follows:

LIEUT. LAWRENCE LAWSON NOW COMMANDING OFFICER OF BALLOON DETACHMENTS

The many friends of Lieut. Lawrence Lawson, son of Mr. and Mrs. J. W. Lawson of this city, will be interested in the following letter from him, received by them in July, giving the details of his advancement from the date of his enlistment in October, 1917, and the receipt of his commission in February of the present year to his elevation to the command of the 31st Balloon Company at Post Field, Fort Sill, Oklahoma.

It will be observed that in the letter he refers to the expected transfer of the Balloon Company to West Point, Kentucky. That transfer was made and Mr. and Mrs. Lawson have just had a letter postmarked from that camp and enclosing the envelope of a communication which their son received by aero mail, first trip, a souvenir that some day will be of great value. This flyer in the shape of an envelope was postmarked New York, dated September 5th, 1918, and bears a cancelled 16c U. S. postage stamp with an aeroplane picture design, printed in green. The letter follows:

Headquarters Thirty-first Balloon Co.
Post Field, Fort Sill, Okla.
July 10, 1918.

Dear Mother and All:

Well Mother I had to write and tell you of my new advancement. You perhaps have wondered how I have been getting along in army life. I will quote you a few instances of my life in the army in the past few months.

On the 18th of Oct., 1917, I enlisted in San Francisco as a 1st class Private and proceeded to Ft. Omaha, Neb., and entered the Officers training camp, finished my course of instruction in the ground school and was recommended for commission the latter part of November.

Sometime in January I proceeded to San Antonio, Texas, and took my free balloon course, and after experiencing the most excitement I have ever had in my life, I won my pilot's license and from then on have been a "Free Balloonist."

The first of February found me back in Omaha again waiting my long looked for commission; it came on the 14th of Feb. and I put on my gold hat cord and since that time I have been an Officer in the United States Army.

After having received my commission, I did "bunk fatigue" until the 10th day of March, when I received orders to proceed to Waco, Tex., and organize balloon companies.

Lieuts. Montgomery, McCutcheon and myself then organized the 31st Balloon Co. and we worked day and night until it was known that we had the best Balloon Co. in the Camp.

On the 24th of April we received orders to proceed to Post Field, Ft. Sill, Okla., with the Company and arrived there on the 27th of April.

Lt. Montgomery was then relieved from duty as Commanding Officer of our Company, being a 2nd Lieut., and Lieut. C. Conrad took command.

Things went along very nicely until the first of May, when I was made Adj. to Lt. Conrad along with other duties (Supply Officer, Officer in Charge of Balloon, Drill Master, etc.). On the 10th of May I was made Officer in Charge of Machine Gun Instruction of the School of Gunnery, Balloon Det. Post Field, Ft. Sill, Okla.

On the 10th of July Lt. Conrad was transferred out of the Co. and sent to Ft. Omaha and on the same day my greatest hopes were fulfilled when an order came out placing 2nd Lieut. Lawrence A. Lawson in command of the "Fighting 31st." I have attached the order.

I am getting the Company in readiness to move to West Point, Kentucky, where we will be the one and only Balloon Co. and a unit by ourselves. We are taking a balloon, ten trucks and two motorcycles and expect to be overseas very shortly (provided our expectations are not wrong).

It has been the habit in the past to have only 1st Lts. and Capt. in command of Balloon Companies and I therefore do not expect to be in command for very long, but to have been in command for a very short time and knowing that you had been thought capable of the position, is a pleasant memory in itself.

Well I must close, but will write again tomorrow. With love to all,
LAWRENCE.

SUBMARINE BASE BAND

As already announced in these columns, the Submarine Base Band of San Pedro will give a concert Sunday afternoon at the High School to boost for the Fourth Liberty Loan. Mr. Fry, a favorite orator in this city, will be a speaker at the concert. Time 3 p. m.

AMERICAN CONCENTRATION IN THE WEST

IS THE CAUSE ATTRIBUTED BY GENERAL MARCH TO THE COLLAPSE OF BULGARIAN RESISTANCE

(Special Service to Glendale Evening News)

WASHINGTON, September 28.—Chief of Staff General March today told newspaper men that the American concentration on the West Front had prevented Germany from reinforcing the Bulgarians and was directly responsible for the Bulgarian collapse.

The downfall of Turkey and the re-entrance of Roumania into the war with the re-establishment of armies on the Danube, are predicted as probable developments to follow a separate Bulgarian peace.

General March characterized the war situation as "continuously better."

Discussing the American offensive in the Champaign, he said the rapidity with which the Americans strike has resulted in heavy gains. The Americans, he said, are entirely beyond the Hindenburg line and are on the Kriempilt line. He said the British now are within three miles of Cambrai.

HINDENBURG LINE NO BARRIER

AMERICANS BREAK THROUGH SUBSIDIARY DEFENSES ON TEN MILE FRONT NORTHWEST OF VERDUN

(Special Service to Glendale Evening News)

LONDON, September 28.—Dispatches today announce that the American forces have broken through the subsidiary defenses of the Hindenburg line on a ten mile front northwest of Verdun. Between Mantillois and Mont Blainville the Americans are within a mile of the head of three German standard gauge railways. Many miles of light railways have been taken in the same region.

The Americans, though fighting in heavy mud, continue moving up even their heavy artillery in spite of this handicap.

The Paris war office announces that the Americans and the French in co-operation resumed their advance in the Champagne territory this morning. Simultaneously the French attacked between the Isip and the Aisne rivers progressing northeast of Sansy and capturing Joucy and Aise. The French took Somme-Ty and crossed beyond Fontaine and Doinois.

The Americans have taken prisoners from fifteen separate positions in this region.

NEW OPERATIONS BY BRITISH SECOND ARMY

LONG EXPECTED FLANDERS OFFENSIVE MAY BE THE OBJECT OF THESE NEW MOVEMENTS

(Special Service to Glendale Evening News)

LONDON, September 28.—Field Marshal Haig reports today that the British are continuing their advance toward Cambrai with satisfactory progress.

At the same time the British second army commenced operations in Flanders in conjunction with the Belgians, which may lead to the opening of the long-expected Flanders offensive.

Last night's progress at Cambrai was the heaviest on the northern end of the line.

AMERICANS PROTECT BING'S LINE

THEIR MOST IMPORTANT OPERATION ON BRITISH LINE IS DIRECTLY IN FRONT OF THE HINDENBURG LINE

(Special Service to Glendale Evening News)

WITH THE BRITISH ARMY AFIELD, September 28.—American troops co-operating with the British in Picardy attacked at 5 o'clock this morning, opening what will probably prove the most important operation in which they have engaged on the British front.

Americans are protecting the extreme right of General Bing's line and are directly in front of the Hindenburg line.

PREMIER MALINOFF REPROVED BY PARLIAMENT

(Special Service to Glendale Evening News)

THE HAGUE, September 28.—Dispatches today announce that the Bulgarian parliament has reproved the offer of Bulgarian premier Malinoff to make an armistice with the allies.

\$1,000,000 TO FIGHT SPANISH INFLUENZA

(Special Service to Glendale Evening News)

WASHINGTON, September 28.—The House today voted to appropriate one million dollars to fight Spanish influenza.

AUSTRIA TAKING STEPS TO WITHDRAW FROM ALBANIA

(Special Service to Glendale Evening News)

AMSTERDAM, September 28.—Austria is reported as taking steps to withdraw from Albania as a result of the Macedonian drive threatening the Austrian flank.

The very encouraging predictions come from reliable sources everywhere that the Fall of 1919 will see the German autocracy crumble and fall.

INSTRUCTION MEETINGS

AUDITORIUMS AT PALACE GRAND AND HIGH SCHOOL PACKED BY REGISTRANTS AND KIN

The instruction meetings for registrants and their families which were held in the auditoriums of Union High School and of the Palace Grand Theatre Friday evening, were inspiring in their immensity. Both places were packed with eager auditors. Practically every seat in the theatre was taken before a note was sounded by the orchestra and the stairs leading to the balcony were also occupied.

They were audiences 100 per cent American, too, as was evidenced by the deafening crash of applause that followed every patriotic sentiment expressed by a speaker. With such men enrolled from this district, with such wives, mothers and sisters backing them, and with men of like determination making up the army of the fellows who are ready to go across the sea and settle accounts with the Hun face to face on his own soil, it is no wonder that the "Stars and Stripes" have known no defeat thus far in the great war, or that the nations of the world are sure of victory to the cause of the allies.

Dr. W. E. Edmonds, Chairman of Moral Welfare Committee, under the Board of Instruction, presided at the High School meeting, while at the Palace Grand, Chairman Lanterman of the Exemption Board called the meeting to order. Practically the same speakers addressed both audiences. Captain William C. Wattles, Chairman of the Military Committee, explained to the Palace Grand audience the important work of his section and answered questions from the audience, while Captain Kelly performed the same service at the High School. At both places, cards to be filled out by registrants with full names and addresses to serve as a roster, were distributed and then collected at the door when the audiences were dismissed.

The information furnished by members of the Exemption Board and Board of Instruction was of intense interest as was proved by the fire of questions when the meeting was thrown open to such inquiries. It was a varied program, too, which owed no small part of its pleasurable qualities to the music furnished at the High School by the school orchestra under the leadership of Mrs. Dora Gibson and at the Palace Grand by the theatre orchestra led by Mr. Kimball. Both of these leaders received a grateful and unanimous vote of appreciation, as did also Robert Jensen, Manager of the Palace Grand, who generously sacrificed the evening's performances and donated the auditorium for the meeting free of charge, an exhibition of patriotism which should not pass unnoticed.

Both meetings opened with the singing of "America" and closed with "The Star-Spangled Banner," which called forth a splendid volume of song that brought tears to the eyes of many as they realized all it signified. A boy bugler also contributed a pleasing musical number.

Mr. Lanterman spoke briefly at both meetings, reciting the fact that the last draft in this district put 600 men into service besides the 250 men who volunteered, and that about 200 were Class One men. "This time," said he, "we are expected to furnish from this district in the neighborhood of 500 Class 1 men. That puts a big burden on the Exemption Board because we are now working with older men. We shall have to go into a lot of things more closely than we did before. We shall have to look into your private affairs and we shall need your help." He then referred to the work of the Instruction Board and its lectures, which though urged by Provost Marshal General are not made compulsory, as in Mr. Lanterman's opinion they should be, because they give the preliminary instruction which will shorten the registrant's training by thirty days, and get him to the battle front that much sooner. "You want your wives and children to know that you have been willing to do your part and do it quickly," said he.

The main patriotic address of the evening was made by Mattison B. Jones of this city, a member of the Exemption Board, who aroused tremendous enthusiasm by reciting the cheering war events of the past week, beginning with the request of the Bulgarians for an armistice to arrange for a separate peace and reviewing the defeat of the two Turkish armies and the victorious advances of the American, British and French forces on the Western front, the total battle line west and east making a front of 260 miles. "But," said he, "are we here to celebrate what the other fellow is doing?"

DUTIES ENLARGED

EXEMPTION BOARD TO HANDLE DRAFTS FOR NAVY AND MARINE CORPS

The local Exemption Board is in receipt of instructions relative to the course to pursue for the induction of young men into the Student Army Corps which is to be distributed in the various colleges of the country and which can be entered by boys of eighteen by voluntary enlistment. After their induction they belong to the army and though they will continue at school and pursue college courses in connection with their military work, they will be subject to call; but on the other hand they will receive the pay of a private, \$30 per month, and their board and clothes, the same as other soldiers.

As military training is now practically compulsory in the college courses, it is probable that all students will enroll in this Student Army Corps. Their induction will be accomplished through the co-operation of the Commandant at the school they will attend and the local Exemption Board where they have registered. Further particulars can be had by applying to the Exemption Board.

The government is anxious to increase the educational equipment of its registrants and has thus put a premium on school attendance. The effect has been very marked and some of the colleges have had more applicants than they can handle.

The Board has also received a lengthy order giving the provisions under which it shall act as a draft board for the Navy and Marine Corps as well as for the army, under allotments to be sent out from time to time.

The calls for the Navy and the Marine Corps will be classified under two heads, viz., (a) men taken from the ordinary run of the draft and (b) specialists or men with special technical qualifications.

The Board will receive the same credit for inductions into the Navy and the Marine Corps that it receives for army inductions. All calls for the army will be prefixed by the letter "A," for the Navy by the letter "N," and for the Marine Corps by the letter "M." All individual inductions for the army will be treated as "Call X" with letters indicating the particular corps or department of service.

In selecting men under calls for the Navy, the Board is instructed not to induct registrants who can neither read nor write, nor registrants who can not speak the English language, nor those who are not citizens of the United States, nor those who are conscientious objectors. A district brassard or arm band will be provided for men inducted under Navy calls which will bear the letters U. S. N.

In selecting men under Navy calls, the present physical standards of the army will apply with the following exceptions: No venereals, no men who are color blind, no men whose vision without glasses is less than 15-20 in either eye, no men with transmissible skin diseases, no men over 74 inches in height.

Men who fail to report for military duty under army induction orders issued by the State Adjutant General, or who fail to report for the first roll call or entrainment under similar induction orders for the Navy or Marine Corps, or who leave their parties en route to the mobilization point, will be classed as deserters.

HIS LAST SERMON

Rev. B. Dudley Snudden will officiate for the last time as pastor of the Glendale First Methodist Church tomorrow. He has resigned his charge to enter Y. M. C. A. war work and expects to leave about the first of October. Next week the conference will be in session and a new pastor will be appointed to take the place of Mr. Snudden here. He is relinquished with great regret but also with pride by his church, who appreciate his patriotism. His last sermons at the morning and evening services will be of unusual interest and moment to his people, and the church will probably be crowded to capacity. The theme of this last sermon is "On the March; the Nation of Destiny."

ENTRAINMENT POSTPONED

The Exemption Board received an important bit of news Friday in a telegram from Adjutant General Boree, instructing it to postpone the entrainment of men who were to have been sent from this district to Camp Kearny between the 5th and 11th of October, because of the epidemic of Spanish influenza which the camps are trying to control, as the situation would be complicated by the arrival of a lot of new soldiers.

EVERY MAN MUST DO HIS PART

Buying bonds, like giving, is only a matter of habit. Get a tightwad started to giving to any cause and succeeding gifts come easy. Who would have imagined that we could raise the amounts of money which have gone into previous efforts in Glendale? Before the war came on it would have been regarded as an absolute impossibility.

We didn't realize that there was so much ready money in the world as we have raised in the United States.

Of course many of us are not able to pay cash for all the bonds we buy, but we can pay for them in installments and can use our credits with the banks, in order to buy them.

The bankers tell me that the buying of the bonds in previous issues has not been equitably distributed, that is, some people who are not able to buy any bonds or, at most, one or two, in their loyalty and devotion to the cause have subscribed for more than they can possibly pay for and are finally compelled to default in their payments, leaving the bonds in the hands of the banks, or, in order to do so, are almost depriving themselves of the absolute necessities. This is wrong. Most of us haven't really begun to sacrifice.

How can a man or woman whose investments are yielding as good return as usual, or possibly much better than usual, having spare money which is at interest and which they can loan the Government at a sacrifice of only two or three per cent—I say, how can the conscience of such a person allow him to buy only a pittance of bonds when he knows he should take the burden off the shoulders of the ones who are trying to do more than they can and ought? There are people in Glendale, however, some of whom are prominent in church and club, who are known to be well-to-do, who have bought no bonds at all of some issues and in the last one only a fraction of what they are able and ought to buy. This is a class of people who should come through now, and if they will not do so willingly and cheerfully, should be exposed to the community so that the people may know them as they are.

Of course we must be careful not to judge them until we know of their ability, but when we do know we have a perfect right to sit in judgment and condemn.

Many men think the Government should have the right to go to the banks and learn the state of a man's deposit account so as to be able to dictate to him what the amount of his investment in bonds should be. Perhaps this is too drastic, but certainly we have the right by the power of publicity and public opinion to compel every man to come somewhere near to doing his part.

"GET BEHIND THE GIRLS BEHIND THE BOYS"

Carrying the message of the girls and women in war industries, "the second line of defense," whose welfare is now the chief concern of the Y. W. C. A., a new war song soon will be heard at community sings and wherever there is a piano and a voice in the eight states of the western department of the Y. W. C. A.

"Get Behind the Girls Behind the Boys," is the title of the song, written specially for use in the Y. W. C. A. educational campaign in preparation for the drive for war work funds.

Anita Day Downing of San Francisco, one of the Y. W. C. A. publicity directors of the west, wrote the verse, and the music was composed and donated by Nat Goldstein, popular song writer. Here is the chorus:

"There's a girl behind the boy who fights,

Wherever you may find him;

There's a girl that's working over here

On the job he left behind him.

There's a second line, two million strong,

If the Kaiser, runs, he's wiser.

Then we'll get behind the girls behind

The boys that are after the Kaiser."

The music has a martial swing and catchy tunelessness that promise popularity. Maynard Dixon, noted western artist, has drawn a cover design for the published copies.

SIDE LIGHTS ON PROHIBITION

Diverting sidelights on the prohibition movement and the sentiments it inspires were thrown in dispatches to the "Stars and Stripes," the official newspaper of the American Expeditionary Forces in France, and published in its issue of August 30th, as follows:

"America, August 29.—The legislatures of fourteen states have now ratified the national prohibition amendment to the Constitution. Only 22 more states are needed to make it binding.

"In the midst of this tribulation, news comes of a holocaust in Kentucky where the Green River Distilling Plant burned down. Forty-three thousand barrels of whiskey were destroyed 'without a trace.'

"Strong food is promised, however, to replace strong drink. The Food Administration has permitted the Phoenix, Ariz., ostrich ranch to slay 700 nice strong birds for the market. They will produce 25,000 pounds of dressed meat at 15 cents a pound, and for the first time in the history of the poultry business the dealers will not try to weigh in the feathers."

Think what the spectacle of cheerful giving means to the enemy. BUY THRIFT STAMPS.

INSTRUCTION MEETINGS

(Continued from page 1)

No. We are here to assist in the best possible way the men from 19 to 36 because they are the men who are to be called first. In view of the increase of America's forces that is now in sight, let me prophesy that the leaves of next autumn will not fall until the black flag of Germany shall have been rolled in the dust of unconditional surrender." (Tremendous applause.)

Mr. Jones then outlined the four committees organized under the Board of Instruction—the Military Committee, Physical Welfare Committee, Moral Welfare Committee and Publicity Committee, as already published in these columns, and recited the benefits which registrants

will receive from the drills provided by the military instruction, the advice of the physicians of the physical welfare committee, and the religious and moral exhortations of Mr. Edmonds and his fellow members on the Moral Welfare Committee.

He then introduced the general chairman of the Board of Instruction, Norton C. Wells, who, after acknowledging the greetings of the audience, introduced Captain Wattles to the Palace Grand audience and left at once for the High School.

Captain Wattles announced that drills for registrants will be held by his committee on Tuesday and Friday evenings on the High School campus at 8 o'clock, that every registrant between the ages of 19 and 35 (both inclusive) will be expected to attend and participate unless excused for some good and valid reason such as regular night employment, drill elsewhere, or physical inability, etc. He declared that the first duty of the soldier is punctuality and that 8 o'clock means 8 o'clock and not 5 minutes after eight. He named as another prime obligation, obedience to a superior officer, which is the army rule from the lowest to the highest rank. The drills, he said, would include setting up exercises, the school of the soldier and school of the squad, and there will be lectures on subjects upon which registrants should be informed. He suggested that registrants would be aided by buying Moss's Manual, which has the whole infantry drill regulations with amplifications, explanations, illustrations, etc., and which costs \$2, or a copy of the I. D. R. which will cost 50 to 75 cents. These will aid them in their drill work and enable them to progress faster.

Frank Muhleman, member of the Board of Exemptions, was then introduced and paid an eloquent tribute to President Wilson. He then spoke of the wonderful work of Provost Marshal General Crowder, to whom is due the credit for working out the details of the draft organization, the like of which has never been known before in mobilizing the man power of a nation.

Mr. Muhleman introduced Dr. Boyer, who addressed the audience barely long enough to assure the registrants that he was at their service both at the schools of instruction and at his own office, and stood ready to help them in all ways possible.

As already stated, Captain Kelly made explanations in regard to drills and the work of the Military Committee to the High School audience in much the same vein as Captain Wattles.

The look of exaltation on the faces of the registrants as they left these meetings and the pride and affection with which they were regarded by their wives, daughters and sweethearts as something infinitely precious to be cherished as long as they were permitted to keep them, was a revelation of the complete enlistment in the cause of world democracy which has been made from one end of America to the other and to which every man, woman and child stands ready to sacrifice their all.

In the course of his remarks Captain Wattles stated that the Seventh District has led the van in Southern California in its organization of a Board of Instruction and in inaugurating its series of meetings and drills here, in Eagle Rock and in San Fernando.

Just as a Mighty Oak

Can grow from a small acorn—so can a fortune grow from a small bank account.

Both when well started have a steady growth. You can start your account this month. Even though it be a small one at first, if you will steadily add to it in a few years you will have a capital worth working for.

If you live in Glendale, make up your mind to start an account in this Glendale Bank and watch your money grow with the bank and the town.

Personals

Mr. and Mrs. C. F. Morton of East Aurora, New York, parents of Guy Morton, who spent the winter of 1913-1914 here, have come back again, to make their permanent home in Glendale. They will reside at 412 North Isabel street.

The infant son of Mrs. Eugene Letts, who passed away Thursday evening at the time of the baby's birth, died Friday evening and was buried with the mother this afternoon.

Lieutenant Edwin Thayer took dinner with Rev. and Mrs. E. M. Crandall, 215 Pacific avenue, last Thursday. Lieutenant Thayer is a cousin of Mrs. Crandall and has charge of the Students Army Training Corps at Occidental College.

Mrs. Elizabeth Kretz and her little foster daughter, Beryl Campbell, 245 South Kenwood, will leave Sunday for Terre Haute, Ind., where they will spend several weeks at Mrs. Kretz' old home, which she has not visited for three years. Little Beryl will get acquainted with relatives she has never seen.

Hardie Collins, son of Mrs. A. W. Collins, who is well known in this city and who is a sister of Mrs. Ernest Morgan, has been called. He enlisted in the Mercantile Marine and on receiving his call left for San Francisco early Friday morning. His mother now resides in Los Angeles on Seventh avenue.

Mr. and Mrs. Andrew Jensen of Oakland and their small son Garver have recently spent two weeks with Mr. and Mrs. E. D. Baker, of 311 West Colorado avenue. Mr. Jensen is Prison Inspector for the State Board of Charities and Corrections. During their stay, Mr. and Mrs. Baker and their son Calvin motored with them to San Diego, where the party spent five days most enjoyably, taking in Tia Juana and Coronado during the trip.

Mrs. Eva M. Tuft, who owns a home in Glendale and who has resided here for a number of years and who was at the head of the Surgical Dressings Department of the Glendale Red Cross Chapter, writes from Napa, California, that she has a very pleasant position there in the State Hospital, where she has charge of the Hydrotherapy Department, but that she misses her Glendale friends and her associates in the Glendale Red Cross. Her son and daughter are in school in St. Helena.

PRESBYTERIAN SERVICE FLAG

Fifty individuals are now honored by this flag. In addition to those heretofore mentioned, the following have recently been added to the honor roll: David Black and F. T. Taylor have gone into Y. M. C. A. war work, Miss Anna Bode as a Red Cross nurse, and Walter L. Brown special Belgian relief work under direction of Herbert Hoover, with headquarters at Amsterdam.

RECEPTION FOR PASTOR

A reception will be held Monday evening, September 30th, at 7:30 o'clock in the church parlors for Mr. and Mrs. Snudden. All members of the congregation and friends are cordially invited to wish our estimable pastor and wife Godspeed.

WEST GLENDAL E L A D I E S' A I D S O C I E T Y

The annual report of the Aid Society of the West Glendale M. E. Church shows the best financial record for six years. The total amount raised and applied to the work of the church, \$360.34.

Great credit is due the president, Mrs. Pierson Hanning, and the other officers, as well as every member of the Society.

The following officers were elected for the ensuing year:

President, Mrs. Hanning.
 Vice-president, Mrs. Carrie Adams.
 Secretary, Mrs. Dietrich.
 Treasurer, Mrs. Bradley.

SUNDAY SCHOOL WORKERS

All Sunday School leaders, teachers and officers and the pastors of churches in this district are urged to be at the meeting at the Lutheran church at eight tonight, to decide upon the starting of a Community Training School. Edgar Lloyd Smith of Los Angeles, president of the Southern California Teacher Training Campaign, will speak.

RED CROSS NOTICE

Will all those whose membership in the Glendale Chapter Red Cross are due or in arrears, kindly call at headquarters or mail check. By so doing they will greatly assist the membership committee, which is revising the list of members before the annual meeting, which occurs the first of October.

WEATHER FORECAST—Unsettled weather, probable showers.

Younger Men

without dependents now have one plain duty, viz.: service to their country in war. In this work the Government places an estimated value of \$10,000 on each life and covers it by a policy of term insurance.

The men with dependents, the older men, and all women also have a duty to perform and that is to support the Government in every way, chiefly through purchase of Liberty Bonds.

This latter class, however, has an added duty—to protect their families with insurance, as the Government protects the soldier boys.

For this, policies with a reserve, having paid-up and cash values, are the best kind, and they should also have, if possible, twice as much as the man with no dependents.

Are you fulfilling both duties? Are you? Talk to me about an increase.

OUT-SHERMANING SHERMAN

The following poem clipped by Hill McGillis is timely and will be of interest to his many friends here:

I wonder what General Sherman would say,
 If he were fighting in France today?
 If back in the sixties he said what he did,
 Just fancy today how his language might sound!

The epigrammatic,
 Somewhat erratic,
 Always emphatic
 Old General would be at a loss no doubt;
 After turning his phrases inside out,
 Perhaps he could only stand up and shout
 His choice pepigram in a deafening shout!

II

A thousand or so and a cannon or two,
 In the General's day made quite an ado;
 Then, gas and grenades and the blinding barrage,
 The subs and the Zeps and the camouflage,
 Were not in the game; yet he called it Hell!

O, what would he call it today, pray tell?
 The philologistic,
 Metaphoristic,
 Ever linguistic,
 Some blasphemistic

Old General would find all his diction amiss
 To define such a depth in the devil's abyss;
 Perhaps he could only stand up and hiss
 That Hell in his time was never like this!

III

When General Sherman marched to the sea,
 In sixty-four, why, take it from me,
 A war was something different then;
 'Twas a fight in the open 'twixt men and men;

But now it's a slaughter 'twixt man and beast,
 A wallow of blood, a murder feast.
 If he called it Hell, in his despair,
 O, what could he call it "over there"?

The classificational,
 Elucidational,
 Vituperational,
 Authorizational,
 Keen observational,
 Most conflagrational.

Old General would surely go out of his mind,
 Ransacking his wits fit expression to find;
 Perhaps he could only stand up and admit
 That he didn't know the half of it;

That both war and Hell have changed quite a bit;
 That if Bill Hellenzollern's not very soon laid,
 A new dictionary will have to be made!

—Oliver Opdyke.

THE BELGIAN GARMENT DRIVE

In response to the call for a half ton of clothing for the Belgian Drive, the people of Glendale have generously exceeded their quota and have sent just the good, warm and sensible kind of garments to gladden the hearts of our plucky little Allies. The assembling, sorting and packing of these garments has required much hard work. Great credit is due to the pupils of our public schools and the teachers who are leading them in Junior Red Cross activities. Mrs. Thompson and her assistants in charge of the Conservation Department have accomplished wonders under most trying conditions, and to Mrs. Myton of the Salvage Department we can not give too much praise for the fine spirit in which she is accomplishing a difficult task without sufficient help.

DEATH OF MRS. FELL

Mrs. Casen A. Fell, mother of F. S. Fell of Bena Way, passed away at Thornycroft hospital Friday morning, September 27, aged 79 years, 3 months and 8 days. Mrs. Fell was a native of New York state. She came to California a little more than a year ago from Denver, where she had been living with a daughter, and made her home with her son until three months ago, when she went to Thornycroft.

Funeral services were held Saturday afternoon at the Little Church of the Flowers in Forest Lawn Memorial Park, followed by cremation. The Pulliam Undertaking Company was in charge.

AN APPEAL TO PATRIOTS

Is your name on the Great Register of your voting precinct?

Only those who have registered since January 1st of this year, from the precincts in which they now reside, will be allowed to vote at the general election, November 5th.

Any citizen of the United States, who on November 5th will have been in California one year and in the county ninety days and in the precinct thirty days, may register at once.

If Democracy is to abide, good citizens must use their franchise. Voting is just as much a patriotic duty as saving and fighting. Buy Liberty Bonds, of course; every good citizen who can possibly do so will buy these bonds and will also give to the Red Cross and to other war philanthropies, but if while doing these things they neglect to vote, they are not doing their full patriotic duty.

The boys at the front are fighting and many of them are dying for Democracy. Those who stay at home should register and vote for it.

Registration closes Saturday, October 5th.

America Will Not Fail

THE WHITE HOUSE
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first understood that they were now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.
